Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Interstate 10/Wildwood Canyon Road Interchange project in the surface transportation reauthorization legislation.

The sponsor for this project is the City of Yucaipa and the project is located approximately 1 mile east of the Live Oak Canyon/Oak Glen Road interchange, and 1 mile west of the County Line Road Interchange in Yucaipa, CA 92399.

The funding is designated for new off-ramps, on-ramps, a bridge structure, new connecting roadways, and realignment of existing roadways.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits. It will improve access to existing and planned land uses, address future growth in local and regional traffic operations, and optimize the local intersection operations to improve mobility and access to surrounding residential and commercial land uses in the project area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jay Obernolte
