Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Temecula Basin Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Hesperia located at 9700 Seventh Ave., Hesperia, CA 92345. The funding would be used to construct a new inlet headwall along an existing creek that conveys stormwater into a two-basin system with a combined storage capacity of approximately 39 acre-feet. The project is an appropriate use of taxpayer funds because it will provide critical regional flood protection by safely accommodating large storm flows, reducing peak flow rates, and capturing sediment before it reaches downstream waterways.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq. I certify that I have no financial interest in this project, and neither does anyone in my immediate family

Sincerely,

Jay Obernolte
Member of Congress
