Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Support for Water Infrastructure, Backup Power Generators for Loma Linda Water Utility project in Fiscal Year 2027. The entity to receive funding for this project is the City of Loma Linda, located at 25541 Barton Rd, Loma Linda, CA 92354. The funding would be used to install emergency generators at Loma Linda's key water production locations to keep water accessible for the community and hospital. The project is an appropriate use of taxpayer funds because it will help ensure greater water reliability in an arid climate.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Jay Obernolte
