Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Bishop Airport Commercial Services Terminal in fiscal year 2023. The entity to receive funding for this project is the County of Inyo, located at 168 North Edwards Street, Independence, California 93526.

The funding will be used to construct an approximately 20,000 square yard concrete apron at the location of the proposed three-gate commercial service terminal to the northwest of the existing terminal. The new location will allow construction to move forward without impacting the current service and will allow for eventual separation of commercial passenger operations and general aviation activities. The environmental review will commence this spring and Inyo County is in the process of acquiring an on-call engineering firm to begin the design of the terminal and apron projects. If funding is available, construction will begin in 2024 or 2025. This project is included in the Airport Capital Improvement Program for the Bishop Airport in FY 2025.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jay Obernolte
Member of Congress
